3. ACTION AGENDA

A. Resolution No. 2026-52, Amended Permanent Base Adjustment Ballot Measure. Discussion and possible action to adopt Resolution No. 2026-52, clarifying, based on Arizona General's Office guidance, that $850,000,000 is the Town's estimated fiscal year 2028 expenditure limitation.

Councilmember Tyler requested additional clarification on this item.

Allen Quist, Town Attorney, provided background regarding the need for Resolution No. 2026-52, which would amend the previously approved ballot language in accordance with additional guidance received from the Arizona Auditor General's Office. He explained that the Auditor General's Office had requested a clarification to the resolution, specifically changing the language to state that $850 million is the Town's estimated Fiscal Year 2028 expenditure limitation, rather than the Town's new base.

Mr. Quist stated that the Town had communicated with the Auditor General's Office several times regarding the resolution and had previously been advised that the language was acceptable. However, the additional requested change was subsequently provided in writing. Due to Pinal County's ballot printing deadlines, staff determined that the amendment needed to be presented to the Council at a special meeting. Staff confirmed that the revised language had been provided to and approved in writing by the Auditor General's Office.

Brent Billingsley, Town Manager, noted that the process had been challenging and that Town representatives had communicated their concerns regarding the manner in which the Auditor General's feedback had been provided. Mr. Billingsley recognized the assistance of Vice Mayor Hudgins in addressing the matter with the Governor's Office and state legislators.

There being no further questions, the Council proceeded with consideration of the resolution.
